90655†, 90656†, 90657†, 90658†, 90685†, 90686†, 90687† or 90688† with (90460/90461 or 90471/90472); 90660† or 90672† with (90460/90461 or 90473/90474); 90661, 90673, 90674, 90682 or 90756† with (90471/90472)	Influenza
90670† with (90460/90461 or 90471/90472)	PCV13
90671† with (90460/90461 or 90471/90472)	PCV15
90677† with (90460/90461 or 90471/90472)	PCV20
90678† with (90460/90461 or 90471/90472)	RSV
90680† or 90681† with (90460/90461 or 90473/90474)	Rotavirus
90684 with (90471/90472)	PCV21
90696† with (90460/90461 or 90471/90472)	DTaP-IPV
90697† or 90698† with (90460/90461 or 90471/90472)	DTap-IPV-Hib
90700† with (90460/90461 or 90471/90472)	DTaP
90702† with (90460/90461 or 90471/90472)	DT
90707† with (90460/90461 or 90471/90472)	MMR
90710† with (90460/90461 or 90471/90472)	MMRV
90713† with (90460/90461 or 90471/90472)	IPV
90714† with (90460/90461 or 90471/90472)	Td
90715† with (90460/90461 or 90471/90472)	Tdap
90716† with (90460/90461 or 90471/90472)	Varicella
90723† with (90460/90461 or 90471/90472)	DTap-Hep B-IPV
90732† with (90460/90461 or 90471/90472)	PPSV23

* For clients who are 18 through 20 years of age, use diagnosis code Z0000 or Z0001

† Indicates a vaccine distributed by TVFC

Immunizations Administered

Use code Z23 to indicate when immunizations are administered.

Procedure Codes	Vaccine
90734† with (90460/90461 or 90471/90472)	MPSV4
90739, 90743, 90744†, 90746 , or 90759 with (90460/90461 or 90471/90472)	Hep B
90758 with (90471/90472)	Ebola Virus
91320† or 91322† with (90480/M0201)	COVID-19

Oral Evaluation and Flouride Varnish

Use procedure code 99429 with U5 modifier.

Developmental and Autism Screening

Developmental screening with use of the ASQ, ASQ:SE, PEDS or SWYC is reported using procedure code 96110.

Autism screening with use of the M-CHAT or M-CHAT R/F is reported using procedure code 96110 with U6 modifier.

Tuberculin Skin Testing (TST)

Use procedure code 86580 for TST. Procedure code 86580 may be reimbursed on the same day as a checkup.

Mental Health Screening

Mental Health Screening in adolescents with the use of the PSC 17, PSC-35, Y-PSC, PHQ-9, PHQ-A (depression screen), CRAFFT, PHQ-A (Anxiety, mood, substance use) or RAAPS is reported using procedure code 96160 or 96161. Only one procedure code (96160 or 96161) may be reimbursed per client per calendar year.

Postpartum depression screening with the use of a validated screening tool including the Edinburgh Postnatal Depression Scale, PHQ-9 or Postpartum Depression Screening Scale is reported using procedure code G8431 or G8510. Only one procedure code (G8431 or G8510) may be reimbursed per client.

Point-of-Care Lead Testing

Use procedure code 83655 with QW modifier to report that an initial blood lead level screening test was completed using point-of-care testing.

Condition Indicator Codes

One of the Condition Indicators below is required whether a referral was made or not.

Referral Status	Indicator Codes	Description
N	NU	Not used (no referral)
Y	ST	New services requested
Y	S2	Under treatment

Modifiers

Performing Provider

Use to indicate the practitioner who is performing the unclothed physical examination component of the medical checkup.

AM (Physician)	SA (Nurse Practitioner)	TD (Nurse)	U7 (Physician Assistant)

Exception to Periodicity

Use with Texas Health Steps medical checkups procedure codes to indicate the reason for an exception to periodicity.

23 (Unusual Anesthesia)	32 (Mandated Services)	SC (Medically Necessary)

FQHC and RHC

Federally qualified health center (FQHC) providers must use modifier EP for Texas Health Steps medical checkups. Rural health clinic (RHC) providers must bill place of service 72 for Texas Health Steps medical checkups.

Vaccine/Toxoids

Use to indicate a vaccine/toxoid *not available* through TVFC and the number of state defined components administered per vaccine.

U1	Vaccine/toxoid privately purchased by provider when TVFC vaccine/toxoid is not available

Vaccine Administration and Preventive E/M Visits

Use with Texas Health Steps preventive visit checkup procedure codes to indicate a significant, separately identifiable E/M service that was rendered by the same provider on the same day as the immunization administration.

25	Significant, separately identifiable evaluation
