### **Clinical Payment, Coding and Policy Changes**

We regularly augment our clinical, payment and coding policy positions as part of our ongoing policy review processes. To keep our providers informed, please see the below communication of upcoming new policies.

Effective for dates of service beginning April 1, 2021:

### **DME Max Units Over Time**

Kansas Medicaid have certain DME (durable medical equipment) and supply codes have been assigned a maximum number of units that may be billed within a specified time frame for a member (member-based) regardless of the provider. Certain DME/supplies provided to members are allowed up to the published unit/frequency.

When a provider bills units that exceed the assigned allowed for that procedure for a member, then the claim will be denied.
