Aetna-776

## NEW POLICY UPDATES CLINICAL PAYMENT, CODING AND POLICY CHANGES

We regularly augment our clinical, payment and coding policy positions as part of our ongoing policy review processes.

In an effort to keep our providers informed, please see the below chart of upcoming new policies.

Effective for dates of service beginning September 21, 2021:

### **Genetic Testing-**

Based on professional society guidelines and federal agencies (American College of Medical Genetics & Genomics as well as the American College of Obstetrics and Gynecology, FDA and CPIC) we will not cover genetic tests that are experimental, investigational, or unproven (EIU). For example, there is insufficient evidence that the use of the Corus CAD genetic testing will impact therapeutic decision making in the clinical management of a patient. In addition, we require that the diagnosis is appropriate for the genetics test.

Please see the following notice from the Commonwealth of Kentucky's single pharmacy benefit manager, MedImpact.

Thank you

The recipient of this fax may make a request to opt-out of receiving telemarketing fax transmissions from Aetna. There are numerous ways you may opt-out: The recipient may fax the opt-out request to 1-888-263-9488, at any time, 24 hours a day/7 day a week. The recipient may also send an opt-out request via email to [do\\_not\\_call@aetna.com](mailto:do_not_call@aetna.com). An opt out request is only valid if it (1) identifies the number to which the request relates, and (2) if the person/entity making the request does not, subsequent to the request, provide express invitation or permission to Aetna to send facsimile advertisements to such person/entity at that particular number. Aetna is required by law to honor an opt-out request within thirty days of receipt. An opt out request will not opt you out of purely informational, non-advertisements, such as prior authorization requests and notices.

**Subject:** **Non-PDL Drug Grandfathering**

On July 1, 2021, MedImpact started managing your patients’ pharmacy benefits. Currently, some of their prescriptions are paying as part of a 90-day grace period where a prior authorization is not required.

Starting September 30, 2021, drugs listed in the table below will require a prior authorization. Please assess the member and complete a prior authorization if the member needs to continue current therapy.

The full list of Preferred Drugs and Formulary lookup tool are available online at <https://kyportal.medimpact.com>.
