Aetna Better Health's Provider Portal is now on Availity

We'd like you to start using our new Medicaid provider portal in advance of discontinuing the existing provider portal.

Get registered for the portal

If you're already registered with Availity for another payer, you're all set. You can use your existing login credentials to get started with Aetna Better Health.

Not registered yet? That's OK. Visit [Availity.com/AetnaProviders](https://www.availity.com/AetnaProviders).

The new portal allows you to do many things, like:

- Authorization search: view authorization requests
- Search remittances: EOB PDF for claim payment information
- Search member eligibility and benefits
- Generate a list of members assigned to a PCP with the panel roster
- Determine if prior authorization (PA) is required with the PA requirement search tool
- Care management: review care plans, assessments and clinical records
- Use the provider deliverable manager
- Register for electronic funds transfer (EFT)
- Register for electronic remittance advice (ERA)
- View business intelligence reports
- View electronic claims submission and status updates
- View appeals/grievance submission and status updates
- See claims payments and verification of your information on ePREP

To ensure correct claims payments, all practice managers/providers must verify and update their practice information in the ePREP Portal to have their encounters submitted cleanly without any error code reason. You can go to eprep.health.maryland.gov to access the ePREP Portal.

Good news: No more faxing!

Still faxing your prior authorizations, medical records or additional information forms for your requests? There's a better way — submit your prior authorizations and upload your supporting documentation electronically through our provider portal on Availity.

Log in at **Availity.com**. If you are not already registered, that's OK. You can get registered at **Availity.com/provider-portal-registration**.

Here's how it works

On Availity, submit a prior authorization or prior authorization inquiry transaction and upload your documentation. Or view the status to retrieve the event, then upload the documentation. Didn't

use Availity for the initial request? That's OK. You can still use Availity to upload your documentation. Do a prior authorization inquiry, then follow the status in your Availity authorization/referral dashboard to upload your document.

Give us an hour — we'll teach you how to use Availity

Availity offers free, live webinars to show you how it works. For help and training, log in at **Availity.com** and then select Help & Training > Get Trained and search for the Authorization Submissions and follow-up training for Aetna Better Health and Mercy Care Providers – Recorded Webinar.

When to submit a claim dispute

Please submit a claim dispute for claim resubmission (e.g., corrected claims) and reconsiderations. A dispute is an expression of dissatisfaction with any administrative function, including policies and decisions, based on contractual provisions and inclusive of claim disputes.

Pre-service denials are processed as member appeals and are subject to member policies and time frames.

Resubmission

Resubmission is a request for review of a claim denial or payment amount on a claim originally denied because of incorrect coding or missing information that prevents Aetna Better Health from processing the claim.

A corrected claim is an example of a claim resubmission. It

should include a newly added modifier, code change or any change to the original claim. The claim must use the appropriate resubmission type of bill or be marked as a corrected claim. Corrected claims must be submitted within 180 days.

Reconsideration

Reconsideration is a request from a provider for Aetna Better Health to reconsider its decisions. Examples include the following:

- **Itemized bill.** All claims associated with an itemized bill must be broken out per revenue (rev) code to verify that charges billed on the UB match the charges billed on the itemized bill. Please attach an itemized bill that is broken out by rev code with subtotals.
- **Duplicate claim.** Review request for a claim that

originally had a denial reason of "duplicate." Provide documentation as to why the claim or service is not a duplicate, such as medical records showing that two services were performed.

- **Retro-authorization request.** Claims that were denied due to no authorization on file. Medical records must be included.
- **Coordination of benefits.** Attach primary insurer's explanation of benefits (EOB).
- **Proof of timely filing.** For electronically submitted claims, provide the second level of acceptance report.

Disputes may be submitted via the Availity Portal, called in to Provider Relations at **1-866-827-2710 (TTY: 711)** or mailed to:

When to submit an appeal

An appeal is a request by a provider to appeal actions of the health plan when the provider:

- Has a request for a retro-authorization of service delivery denied or not acknowledged with reasonable promptness
- Has a claim that has been denied or paid differently than expected and was not resolved to the provider's satisfaction through the provider claim dispute process

Appeals must be requested within ninety (90) business days from the date of retro-authorization

denial or the date of an adverse determination in the provider claim dispute process.

Please include relevant claims information and any supporting documents (e.g., medical records). Appeals may be submitted via the Availity Portal, faxed to **1-844-312-4257**, sent via secure email to **mdappealsandgrievances@Aetna.com** or mailed to:

Integrated Care Management program

Our Care Management department provides support to members based on each individual's risks and unmet needs. These care needs are assessed by licensed nurses, social workers and counselors, as well as nonclinical professionals. We use a bio-psycho-social (BPS) model to help us identify what care our members need. The Care Management staff performs

a health risk assessment to determine the member's medical, behavioral health and bio-psycho-social needs.

Care managers work with the member, member's family, primary care provider, psychiatrist, substance use counselor and any other health care team member to achieve a quality-focused, cost-effective care plan. Care

Fraud, Waste and Abuse

Know the signs — and how to report an incident

Health care fraud means receiving benefits or services that are not approved. Fraud can be committed by a provider, member or employee. Abuse is doing something that results in needless costs. Waste goes beyond fraud and abuse. Activities that are considered fraud, waste and abuse by members, doctors or any health care professional hurt everyone. Most waste does not involve a violation of law.

You can learn more and report fraud, waste or abuse by going online at [AetnaBetterHealth.com/Maryland/fraud-abuse](https://www.aetna.com/betterhealth/maryland/fraud-abuse).
