## B. Frequently Asked Questions (FAQ)

Find answers to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 11 are the drugs covered by Aetna® Assure Premier Plus (HMO D-SNP). These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Aetna Assure Premier Plus (HMO D-SNP) will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at an Aetna Assure Premier Plus (HMO D-SNP) network pharmacy.
- Aetna Better Health Premier Plan may have additional steps to access certain drugs. Refer to question B4 for more information.

You can also find an up-to-date list of drugs we cover on our website at [AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary](http://AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary) or call Member Services at **1-844-362-0934 (TTY: 711)**.

---

### B2. Does the Drug List ever change?

Yes, and Aetna Assure Premier Plus (HMO D-SNP) must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Aetna Assure Premier Plus (HMO D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 have more information on what happens when the Drug List changes.

- You can always check Aetna® Assure Premier Plus (HMO D-SNP)’s current Drug List online at [AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary](http://AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary).
- You can also call Member Services at **1-844-362-0934 (TTY: 711)** to check the current Drug List.

---

## B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug’s manufacturer takes a drug off the market, we may take it off the Drug List. If you are taking the drug, we will let you know.
- Please contact your doctor if a drug you are taking is removed from the drug list.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12 for more information.

---

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes. Some drugs have coverage rules or have limits on the amount you can get. In some cases, you, your doctor, or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you, your doctor, or other prescriber must get authorization from Aetna® Assure Premier Plus (HMO D-SNP) before you fill your prescription. Prior authorization is different from a referral. Aetna Assure Premier Plus (HMO D-SNP) may not cover the drug if you do not get authorization.
- **Quantity limits:** Sometimes Aetna Assure Premier Plus (HMO D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes Aetna Assure Premier Plus (HMO D-SNP) requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on page 11 - 112. You can also get more information by visiting our website at [AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary](http://AetnaBetterHealth.com/New-Jersey-hmosnp/drug-formulary). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception to these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

---

#### **B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The *table of Drugs* on page 11 has a column labeled "Necessary actions, restrictions, or limits on use."

---

#### **B6. What happens if Aetna Assure Premier Plus (HMO D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

---

## B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by drug type.

To search **alphabetically**, use the Index of Covered Drugs section. You can find it on page 113. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs and generic drugs are listed in the index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

To search **by drug type**, find the section labeled "List of Drugs by Drug Type" on page 11. The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for an infection, you should look in the "Anti-infectives" category. That is where you will find drugs that treat infections.

---

## B8. What if the drug I want to take is not on the Drug List?

If you don't find your drug on the Drug List, call Member Services at **1-844-362-0934 (TTY: 711)** and ask about it. If you learn that Aetna<sup>®</sup> Assure Premier Plus (HMO D-SNP) will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

---

## B9. What if I am a new Aetna Assure Premier Plus (HMO D-SNP) member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Aetna Assure Premier Plus (HMO D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead, or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, or
- the drug requires prior authorization by Aetna Assure Premier Plus (HMO D-SNP), or
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that Aetna Assure Premier Plus (HMO D-SNP) does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Aetna® Assure Premier Plus (HMO D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you are a member of Aetna Assure Premier Plus (HMO D-SNP).

#### **Current members with a change in level of care**

If you experience a change in your setting of care (such as being discharged or admitted to a nursing home or other long-term care facility), your provider or pharmacy can request a one-time prescription override. This one-time override will provide you with temporary coverage (up to a 30-day supply) for the applicable drug(s).

---

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Aetna® Assure Premier Plus (HMO D-SNP) to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Aetna Assure Premier Plus (HMO D-SNP) may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

---

### **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 8 of the *Evidence of Coverage* to learn more about exceptions.

---

### **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

To send your statement, you or your prescriber may call Aetna Assure Premier Plus (HMO D-SNP) Member Services at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week for assistance. You may fax us the statement to 844-814-2260.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Aetna Assure Premier Plus (HMO D-SNP) covers both brand name drugs and generic drugs.

---

## **B14. What are over-the-counter (OTC) drugs?**

OTC stands for "over-the-counter." Aetna<sup>®</sup> Assure Premier Plus (HMO D-SNP) offers some OTC drugs through the NJ FamilyCare (Medicaid) portion of the plan's coverage at no cost to you. You need a prescription for OTC drugs to be covered. These OTC drugs are listed in this Drug List.

- Tier 1 Brand name drugs \$0 copay

## C. Overview of the *List of Covered Drugs*

The following List of Covered Drugs gives you information about the drugs covered by Aetna® Assure Premier Plus (HMO D-SNP). If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 113. The index alphabetically lists all drugs covered by Aetna Assure Premier Plus (HMO D-SNP).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug. The following abbreviations are used:

<b>QL:</b> Quantity Limits: For certain drugs, our plan limits the amount of the drug that we will cover.
<b>PA:</b> Prior Authorization: Our plan requires you or your provider to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
<b>ST:</b> Step Therapy: In some cases, our plan requires you to first try certain drugs to treat your medical condition, before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
<b>LA:</b> Limited Access: These prescriptions may be available only at certain pharmacies.
<b>MO:</b> Mail-Order Delivery: Generally, the drugs available through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition.
<b>B/D:</b> Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.
<b>EA:</b> Each
<b>ML:</b> Milliliter
<b>ACS:</b> Available at CVS Specialty Pharmacy. These drugs are for complex medical conditions and may require special handling and/or close monitoring. They are available through CVS Specialty Pharmacy Services or other specialty pharmacies in the network. You may not be able to get them at your local pharmacy.
<b>HRM:</b> High Risk Medication. According to medical experts, these drugs may cause adverse side effects if you are 65 years of age or older. If you are taking one of these drugs, ask your doctor if there are safer options available.
<b>OTC:</b> Over-the-Counter. Aetna® Assure Premier Plus (HMO D-SNP) offers some OTC drugs through the NJ FamilyCare (Medicaid) portion of the plan's coverage at no cost to you. You need a prescription for OTC drugs to be covered.
