

Provider Directory

**Foster Care & Special Needs
Foster Care Only Providers**

Aetna Better Health[®] of Illinois

This provider directory lists doctors, hospitals, clinics and other providers that work with Aetna Better Health of Illinois. This book will help you get health care services. You can also call us toll free at **1-866-329-4701 (TTY: 711)**, 24 hours a day, 7 days a week. We will help you find a provider. You can also view the most current list online at **AetnaBetterHealth.com/Illinois-Medicaid**.

We continue to add new providers to our list. Having the provider's name in this book does not mean that they will stay with us. It also does not mean that they are taking new patients. To get the most current list of providers, go to our website. The list is updated nightly.

Your Primary Care Provider (PCP)

This is your main doctor or caregiver that you picked when you enrolled with us.

- Your PCP will help you get all the covered services you need.
- Tell your PCP about any health problems you have.
- Your PCP will get to know your health history.
- Check with your PCP before you get services from other providers.
- You can also request a new PCP through the secure member portal found on our website at **AetnaBetterHealth.com/Illinois-Medicaid** or through the Aetna Better Health free mobile app available for your smartphone.

Choose your PCP

Now that you have joined us, you will need to pick a PCP for yourself and your family members who also get health care coverage from us.

- You must pick a PCP.
- Each eligible family member does not have to have the same PCP.
- If you do not pick a PCP, we will pick one for you.
- You can call us toll free at **1-866-329-4701 (TTY: 711)**, if you have questions about choosing or changing your PCP.
- PCPs are listed by alphabetically by city and then last name.

Specialty care

Specialty care comes from providers known as specialists who treat certain problems. Your PCP will send you to a specialist if you need one. For most health care, the specialist will only see you if your PCP sends you.

Emergency

When you need emergency care, **call 911** or go to the closest hospital. The hospital **DOES NOT** need to be in our network. You don't need preapproval for emergency transportation or emergency care in the hospital.

Languages services

All providers speak English and have interpreter services available. Other languages spoken are listed.
