Affordable Care Act (ACA) Provider Revalidation of All Provider Types Including All Associated Service Locations

Important Reminder: In accordance with the federally mandated changes resulting from the Affordable Care Act, the Department of Human Services (DHS) must revalidate all providers at least every five years; therefore, **all providers (including all associated service locations - 13 digits) who enrolled on or before March 25, 2011 must revalidate their enrollment information no later than March 24, 2016.**

This may be accomplished by completing a new enrollment application including all revalidation requirements which may be found on the DHS home page under Provider Enrollment Applications on the right-hand side:
Link - http://www.dhs.state.pa.us/provider/promise/enrollmentinformation/S_001994

Please send in your application(s) as soon as possible to ensure they are processed timely with no interruption in your participation with DHS or our partnered managed care plans.

Providers who enrolled after March 25, 2011, will need to revalidate their enrollment information every five (5) years based on their initial date of enrollment and should check their revalidation date by logging into the provider portal for each service location at the following link:
