

EPIC® Pediatric Obesity is a statewide education program helping medical and other professional audiences work as a team to better address the challenging topic of pediatric overweight and obesity.

EPIC® Pediatric **O**BESITY

Evaluation, Treatment and Prevention
in Community Settings

EPIC® Educating Physicians In their Communities

EPIC® Pediatric Obesity presentations include a physician and a registered dietitian who will come to your site.

Presentations can be scheduled at pediatric or family medicine practices, grand rounds, resident training, health alliance and coalition meetings, WIC or SNAP staff meetings, RN or CRNP regional or statewide conferences, or for other professional audiences.

CME/CEU: This activity is approved for AMA PRA Category 1 Credit™.

www.epicobesity.org

Funding is provided by the Pennsylvania Department of Health through the Preventive Health and Health Services Block Grant from the Centers for Disease Control and Prevention.

EPIC[®] Pediatric Obesity Evaluation, Treatment and Prevention in Community Settings is a program of the PA Chapter, American Academy of Pediatrics.

A physician and a registered dietitian from your community present live at your site.
