CLINICAL PAYMENT, CODING AND POLICY CHANGES

NEW POLICY UPDATES – EFFECTIVE JUNE 15, 2021

We regularly augment our clinical, payment and coding policy positions as part of our ongoing policy review processes. In an effort to keep our providers informed, please see details of the upcoming new policies below.

The change below is effective for dates of service beginning June 15, 2021:

Electrophysiology Non-Payable Codes-

Electrophysiology non-payable codes should be packaged into the primary procedure.

Procedure codes for electrophysiology are frequently reported with add-on codes. Electrophysiology add-on codes can be performed when medically appropriate in conjunction with primary service/procedure code.

The following CPT codes should be packaged into the primary procedure: 93609, 93621, 93622, 93613, 93623, 93655, 93657, 93462, 93662.
