Dear Provider,

Aetna Better Health Illinois has entered into an agreement with Equian to perform DRG validation reviews and assist with identifying overpayments.

Equian will compare medical records to confirm that the inpatient claim paid under the DRG methodology, per your provider agreement, has been coded, billed and paid correctly. Equian may contact you to arrange for a release of medical records. In addition, Equian will identify claim overpayments utilizing data mining techniques and validate against the contracts.

Equian will begin requesting medical records and onsite audits after October 1st 2019.

In compliance with the HIPAA Privacy Rule, Aetna Better Health of Illinois has entered into a Business Associate Agreement (BAA) with Equian. The Privacy Rule allows a covered entity to share information with another covered entity's business associate as if the request came from that other covered entity.
